How far will you travel to eat at your favorite restaurant? Our tiny friends the hummingbirds fly thousands of miles each year when the weather turns warm once more. With their needlelike beaks and humming wings, they miraculously remember and return to their providers' feeders and gardens year after year. The Lord will guide and provide for us, also. In Psalms 145:9, David praises his Creator..."The Lord is good to all, and His compassion is over all that He has made." This week, travel to your house of worship to remember your Creator. He awaits to provide you with spiritual food for life.
