AMENDMENT TO MOTION TO REVOKE BOND

FILED ON FEBRUARY 8, 2007

The defendant John Jerry Norman Jones is the subject of a Motion To Revoke Bond filed on February 8th, 2008. A hearing on that Motion is scheduled on February 27, 2008 before the Hon. John E. Girardeau, Senior Judge. Judge Girardeau issued an order for the defendant's arrest on February 12, 2008 pursuant to the Motion. The State hereby amends the previous Motion to add an additional allegation.

Paragraph 11 of the bond order in the case filed on January 7, 2008 states that: "The defendant shall have no direct or indirect contact of any kind with any female under the age of eighteen except [his] daughter. Any contact with [his] daughter must be supervised by defendant's wife or defendant's sister."

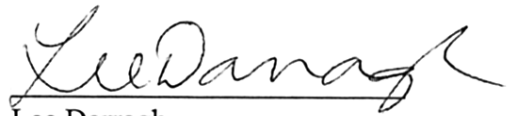

On February 15, 2008 at approximately 1:30 a.m., defendant violated this condition of the bond order by leaving the home of his sister with said child, unaccompanied by his sister, absconding with the child. As of the filing of this amendment, he has not yet been arrested on the February 12, 2008 arrest order, nor has the child been returned. Defendant

thereby has violated condition eleven of the bond order of February 8, 2008.

Therefore, the State hereby amends the Motion to Revoke Bond to include the above allegation.

SO AMENDED.
